And Whereas it is represented that in pursuance of the said agreement and in the fulfilment thereof, sufficient natural gas shall be available at all times for all domestic purposes for a period of fifteen years. And Whereas it is further represented that the construction of a pipe line and other large expenditures are necessary to enable natural gas to be imported accordingly;

And whereas it is further represented that the Company will require an increase in its rates to be charged for natural gas if and when the imported gas is available for delivery to its customers;

Therefore be it resolved

1. That the Council in so far as its authority may extend, approves the plan of Dominion Natural Gas Company, Ltd. to supplement its gas supplies by importation of natural gas under the agreement above recited and requests the Company to proceed with its plan;

2. And further that the Council will not cause any objection to be taken to an increase in the rate to be charged for natural gas from and after the date when the imported natural gas is available provided that such increase be not more than ten cents per thousand cubic feet over and above all rates presently charged by the Company in this municipality;

3. And the Clerk be authorized and instructed to furnish a copy of this resolution to Dominion Natural Gas Company Ltd. Carried.

Mr. Harold Boughner read the report of the Committee of the Whole.

Moved by Mr. H. Boughner, seconded by Mr. Claude Ravin: That the report of the Committee of the Whole be adopted. Carried.

Moved by Mr. M. Boughner, seconded by Mr. Jaques: That this Council do now adjourn to meet again on Tuesday, March 4th, 1947 at 10 a.m. Carried.

Council adjourned accordingly at 5.00 p.m.

Confirmed in open Council this      day of      A.D. 1947.

## REPORT OF THE NORFOLK COUNTY ROAD SYSTEM

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen: I beg leave to submit to your honorable body my thirtieth annual report on the Norfolk County Road System.

In my twenty-fifth annual report, I referred in detail to the history of the Road System in this County. I would like to refer now to some facts pertaining to the System of today. The mileage of the System is 213.3 miles, comprised of the following: .3 tenths of a mile of concrete, 182.4 miles bituminous surfaced, 30.6 miles of gravel surface. Some of these gravel roads have deteriorated to such an extent that to-day, they can be classed as dirt roads. The location and mileage of these gravel roads is as follows: Road No. 4 in Middleton 4.5 miles, Road No. 5 between North and South Walsingham and Houghton 8 miles, Road No. 7 in Houghton 2 miles, Road No. 9 in Houghton 6 miles, Road No. 11 in Charlotteville 4.1 miles, Road No. 12 in Woodhouse .5 miles, Road No. 14 in Windham 2 miles, Road No. 20 between the Township of Townsend and the Six Nations Reserve 3.5 miles. The services required to-day to keep the roads in a proper condition are enormous as compared with the time when the road system was adopted. At that time there were owned in the County, 619 passenger cars and one commercial vehicle. In the past year there were over 8000 passenger cars and over 1000 commercial vehicles owned in this County.

The development of the tobacco industry is responsible for a great increase in heavy traffic. I am informed that there was 40,000 tons of commercial fertilizer trucked into the County during 1946, about the same tonnage of barnyard manure was trucked into the tobacco area, and approximately 20,000 tons of tobacco will be hauled to the tobacco factories during this winter. The increase in the dairy industry, the development of orchards and small fruits and vegetables, the further improvement of the Provincial Forestry Station and the great increase in the development of our lake front in

the way of summer cottages have all tended to increase the tonnage of the traffic, not only on the County Roads but also on the Township Roads.

About 20 years ago I referred to the depletion of the gravel pits in this County, and in 1928, in order to preserve our gravel we laid the first tar mulch roads, and by the end of 1931 we had 41 miles of this type of road. We had considerable breakup in some of these roads due to drainage difficulties and also to the inequalities in the gravel but we still retained the original gravel used in these mulch surfaces. In 1936 we started using commercial gravel from the Waterford Sand and Gravel Pit proportioning our quantities of stone and sand. This has given excellent results and I will refer to this later in this report. The south-western section of this County had to be neglected very much in regard to mulch road due to the cost of hauling gravel to this area. In 1938 we constructed our first soil stabilization with tar, at the extreme west end of Road No. 9. Since that time we have laid 9 miles of this type of road and up to the present time we have had good results. The Hon. Minister of Highways visited these stabilized roads in 1944 and expressed his satisfaction at the progress we were making in this type of road. I believe that many township roads in the western part of the County will be constructed in this manner due to scarcity of gravel in that part of the County. In fact, due to the serious depletion of gravel beds, the Department of Highways is recommending that all gravel roads be treated with the same stabilizing material to conserve the material that has been applied to these roads.

The construction program as suggested in the estimates were proceeded with, excepting the stabilization on Road No. 5 on the town-line between North Walsingham and Houghton. This was due to the shortage of tar.

Road No. 4. This work consisted of Grading and Graveling, installing Culvert and Fencing of the Right of Way,  $3\frac{1}{2}$  miles of grading. Approximately 25,000 cubic yards of dirt was removed, the finished grade being 32 ft wide, allowing for a 22 ft. pavement which is now the standard suggested by the Department for County Roads. 5400 tons of gravel was applied on the grade. It was noted during grading operations that part of this road north and south of the Goshen Road, con-

sisted of materials that lends itself to Frost boils; if this is so, it may be necessary to underdrain this part. This road should be treated this year with calcium chloride to consolidate the gravel and time should be allowed for settlement of the grade before a bituminous surface is applied. The total cost of this work was \$21,450.34.

'Road No. 9. 1.95 miles of soil stabilization with Tar was completed. This roadway is 20 ft. wide and 6 in. thick and cost \$10,457.81.

Road No. 11. 2.65 miles of Tar Mulch from Road No. 7 to Walsh Village. This Mulch is 22 ft. wide and 2½ in. in thickness and cost \$14,869.92.

Road No. 11. .8 miles Grading and Gravelling. This grade is 32 ft. wide. 1,430 tons of gravel was applied. A bulldozer was hired for the removal of trees and cutting down a high bank on the west side of the road at the north end of the work. The cost of Grading and Gravelling and the Bulldozer was \$4,766.50.

The following Special Maintenance was proceeded with:

Road No.	Type	Cost
2	Mulch	903.95
3	Mulch	974.39
5	Mulch	561.80
7	Mulch	4753.12
7	Retreatment	2788.69
8	Mulch	9960.20
9	Retreatment	1358.00
9	Mulch	5539.00
10	Mulch	4673.20
10	Retreatment	4572.46
13	Mulch	444.80
14	Mulch	2928.85
15	Mulch	817.39
15	Retreatment	1229.33
16	Mulch	1716.50
17	Mulch	1147.20
17	Retreatment	885.06

I mentioned early in this report the use of gravel from the Waterford commercial pit. I would like to refer to one particular piece of work in this regard. In 1937 1½ miles of mulch was constructed on Road 9 east of Baker's School House in the Township of Charlotteville. It was retreated in 1938 and from that time until 1946 not a single break occurred in this surface when we patched 8 or 9 small holes about two feet in diameter. This piece of road was retreated in 1946 at a cost of \$1018.50 or at the rate of \$679.00, in other words, the maintenance of this surface has cost \$84.87. That road was classed at one time as the heaviest travelled road on the System but since the road from Silver Hill to St. Williams has been completed, a portion has been diverted from Simcoe to St. Williams by Road 7 and Road 10.

The Walters Snow Fighter was received in November. This machine has only been used twice for snow plowing this winter but on those occasions it did excellent work.

I desire to express my thanks to the Road Committee and County Council for their co-operation and assistance during the past year. The County Foremen, Machine Operators, and other Employees of the County Road System are entitled to credit for the way in which they worked and co-operated to complete the work. The bookkeeping has been in charge of Miss King and she has been very efficient in her work.

All of which is respectfully submitted. I have the honor to be, Gentlemen,

Your obedient servant

GUY R. MARSTON

County Engineer and Road Superintendent

Dated at Simcoe,

(2) Where in the opinion of the Trees Conservation Commission special circumstances exist which warrant the cutting of trees under the sizes hereinbefore mentioned, the said Commission may authorize the cutting of such undersize trees.

(3) No person shall cut trees or carry on lumbering or other forest operations adjacent to provincial, county and township roads within the County of Norfolk unless there shall be left along the said road or roads a belt of trees sixty-six feet in width from the limit of the road allowance from which may be removed only such trees as may be approved and marked by someone authorized by the Trees Conservation Commission hereinafter established by this By-law.

(4) In the operation of cutting or removing any trees, no person unnecessarily injure young trees adjacent thereto.

(5) This By-law shall not:

(a) interfere with the right of the owner of land to cut trees for his own domestic use, such as fuel wood and repair lumber.

(b) interfere with any rights or powers conferred upon a municipality by the Municipal Act.

(c) interfere with the rights or powers of the Hydro Electric Power Commission of Ontario or any other board or commission which is performing its functions for or on behalf of the Government of Ontario.

(d) apply to trees growing upon any highway or upon any opened road allowance.

(e) apply to trees growing in a woodlot of an area not exceeding two acres.

(6) Any person who violates the provisions of this By-law shall be guilty of an offence and liable to a penalty of not exceeding \$500.00 or to a term of imprisonment not exceeding three months.

(7) Enforcement officers under the provisions of this By-law shall comprise a Commission of three members, other than members of Council, to be known as "The Trees Conservation Commission of the County of Norfolk," to be appointed by resolution of the Council and to hold office for a period determined by the Council, at a remuneration of \$1.00 per hour and a mileage allowance of six cents per mile for car when employed or driving on the duties of the Commission.

(8) This By-law shall come into force and take effect immediately after the passing thereof.

PASSED in open council this 23rd day of January, 1947.

**BY-LAW NO. 860**

A By-law to authorize the borrowing of \$289,000.00.

WHEREAS the Council of the Corporation of the County of Norfolk deem it necessary to borrow the sum of Two Hundred and Eighty-Nine Thousand Dollars to meet, until the levies are collected, the current expenditures of the Corporation for the year 1947, the amount being less than seventy per cent. of the revenues for 1946.

AND WHEREAS the total amount of the revenues of the Corporation as set out in the financial statement for 1946, not including revenues from borrowings and issue of debentures is \$414,109.27.

AND WHEREAS the total amount heretofore authorized to be borrowed for the year 1947 for the purposes mentioned in sub-section of section 339 of the Municipal Act is \$289,000.00 of which the Corporation has not already borrowed any sum.

THEREFORE THE COUNCIL OF THE CORPORATION OF THE COUNTY OF NORFOLK hereby enacts as follows:

(1) The Warden and Treasurer are hereby authorized on behalf of the Corporation to borrow from time to time by way of promissory notes from the Bank of Montreal, or from such other source to the best interests of the County, a sum not exceeding in the aggregate \$289,000.00 to meet, until the levies are collected, the current expenditures of the Corporation for the year, including the amounts required for purposes mentioned in sub-section (1) of the said section 339, and to give on behalf of the Corporation to the Bank or other persons a promissory note or notes, sealed with the Corporate Seal and signed by them for the moneys so borrowed with interest at the rate not exceeding four per cent. (4%) per annum, which may be paid in advance or otherwise.

(2) All sums borrowed from the said Bank or other sources for any or all of the purposes mentioned in said section 339, shall, with interest thereon, be a charge upon the whole of the revenues of the Corporation for the current year and for all preceding years, as and when such revenues are received.

(3) The Treasurer is hereby authorized and directed to apply in payment of all sums borrowed pursuant to the authority of this By-law, as well as all other sums borrowed in this year and any previous years from the said Bank or other persons for any and all of the purposes mentioned in said Section 339, together with the interest thereon, all of the moneys hereafter collected, or received on account or realized in respect of the levies for the current year and preceding years, and all the money collected or received from any other source, which may lawfully be applied for such purposes.

## AUDITORS' REPORT

January 15, 1947.

To the Warden and Councillors of the Corporation of the  
County of Norfolk:

We have audited the books and accounts of the Corporation of the County of Norfolk for the fiscal year ending December 31, 1946, and have prepared statements as set forth in the accompanying index.

In connection therewith we report that we have obtained all the information and explanations we have required, that, in our opinion, subject to the following comments, the transactions that have come under our notice have been within the powers of the Municipality, that, the balance sheet is properly drawn up to exhibit a true and correct view of the state of affairs of the County of Norfolk as at December 31, 1946, and of the results of operations for the year then ended, according to the best of our information, the explanations given to us and as shown by the books.

Accounts Receivable and Accounts Payable are included in the attached statement on the basis of information supplied to us by County officials and have not otherwise been verified by us.

Operations for the year 1946 resulted in a deficit of \$3,443.17 after the transfer of \$16,371.59 to Revenue from Current Surplus. This deficit compares with budget estimates as follows:

### Actual Expenditures in Excess of Estimated Expenditures:

Roads .....	\$ 2108 21	
Administration of Justice .....	3366 57	
Education .....	46 79	
General Administration .....	2757 54	
	<u>          </u>	\$ 8279 11

### Actual Expenditure less than Estimated Expenditure
